OUR VOICE, AT WORK.

PEOPLE. CARE. POWER.

CAMPAIGN UPDATES

Across our clinics, we elected RN, HSS, and Clinical coworkers to our Bargaining Team to represent us in negotiations.

Our *Member Action Teams (MATs)* are now forming across clinics to build worker, community, and political support for our first contract.

We will vote on our Bargaining Principles in the coming weeks to set the priorities we will bring to the table. Negotiations will begin soon!

SJ PARKING POLICY

Workers stopped management from implementing a new parking procedure by taking action together. We will bargain a new parking policy.

By uniting with our co-workers, the San Jose clinic was closed and the infestation addressed. Now we are taking our collective power to negotiations.
